

One Tallawanda Drive
Worcester 3, Massachusetts

March 27, 1963

Mr. Charles W. Webb, Deputy Chief of Staff
National Headquarters, Civil Air Patrol
Ellington Air Force Base Texas

Dear Mr. Webb:

Thank you for your very kind letter of the 20th, and for the Time and Sequence Chart of your Civil Air Patrol Program, both of which I have read with much interest.

I am deeply moved that your organization is inclined to honor my late husband by creating the Dr. Robert H. Goddard Achievement. He would be very proud indeed of this honor, and I have no hesitation whatever in granting permission for you to use his name in this manner.

With appreciation of your courtesy,

Sincerely,

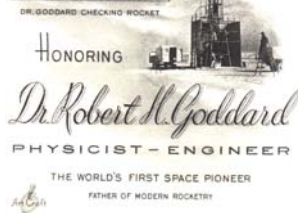

(Mrs. Robert H. Goddard)

ROBERT H. GODDARD

“I am deeply moved . . .”

Aerospace enthusiasts know of Dr. Goddard's legacy. But how many young people appreciate him as “the world's first space pioneer?” In this letter, Dr. Goddard's widow thanks CAP for honoring her late husband and perpetuating his memory through the new Cadet Program.
