SUBJECT: Comments on revised CAPR 35-5, *CAP Officer and Noncommissioned Officer Appointments and Promotions*

The draft revision to CAPR 35-5 was posted on the CAP NHQ website for comments 13 Aug 09 – 12 Sep 09.

a. Comments received and incorporated into final draft:

**Paragraph 1-5d.** Changed the language concerning temporary lieutenant colonels that are not authorized to remain in that grade to be more consistent with paragraphs 1-5a and b.

**Paragraph 1-9.** No mention was made of the date of grade for individuals demoted or to the ability to use prior time-in-grade for future promotions.

**Paragraph 3-9.** Included additional information concerning promotions for Legislative members.

b. Comments received and not incorporated into the final draft change:

**1-5a and b. Promoting Authority for Major General and Brigadier General:** changing the wording of the temporary and permanent general officer promotion procedures was suggested. It was determined that the language included in the draft was exactly what was approved by the National Board and should not be changed.
